Even in these days when the cost of living is a problem,

Sears WISH BOOK *still holds to its*

Pleased as we are to have been able to achieve the meaningful price cuts featured here and throughout this book, we believe a catalog needs *even more* than this to merit the name Wish Book —to satisfy practically everyone's wishes when it comes to Christmas shopping.

A real Wish Book needs, among other things, outstanding VALUES—and this book really has them! It's full of exceptional buys. It has excitement, too—the excitement of great NEW IDEAS in merchandise that provide an interesting glimpse into the future.

In addition, there are many examples of fine WORKMANSHIP, carefully-crafted items you'll want to see and read about . . . and many interesting items that are so OUT-OF-THE-ORDINARY they'd be hard to find in normal, everyday shopping. There is fun for people of all ages, too—hundreds of pages full of toys, games, hobby equipment and other things intended JUST-FOR-FUN.

This, then, is a Wish Book in the best Sears tradition. We say it on these first 12 pages, and we prove it with the merchandise offered throughout all 608 pages. So buy from it early and buy from it often, remembering as you do that The Wish Book® is as easy and convenient to use as your telephone.

Just think . . an entire week's trash for a family of 4
compressed into one clean, compact throw-away bag . .
no more garbage to carry out to the trash can . .
no more trash cans to clutter up your house or yard

This is what Sears Compactor can do for you

It's the first really new work-saving convenience for the home in years

$219.95

Here's how it works: simply slide open the pull-out drawer . . put cans, bottles, food scraps or just about any trash into the special moisture-proof bag . . close the drawer and push the start button. Automatically, a powerful ram exerts 2000 lbs. of force to compress the refuse into ¼ of its original volume. The entire operation takes less than 60 seconds. When bag is filled, just lift it out and it's ready for your local garbage pick-up.

Acrylic enamel cabinet has vinyl-clad steel top and adjustable nylon glides. Can be built-in or used free-standing in your kitchen, utility room, basement or garage. What's more, you don't have to worry about unpleasant odors. Every time you close the compactor drawer a special chemical is sprayed on the refuse to help control bacteria and odor. Plugs into any 110-120-volt, 60-cycle AC outlet. UL listed. Measures 34⅜ inches high; 15 inches wide; 24 inches deep. Includes 5 plastic-lined bags and 1 spray can.

Now the traditional Westminster Chime Grandfather's Clock is styled in space-age Plexiglas® for an unusual, modern look

$375.00

Every part of the cabinet—base, columns, even the dial—is constructed of Plexiglas® acrylics. Here's a material so strong it is virtually shatterproof, so strong four slim columns are able to support the entire weight of the clock. Yet Plexiglas® is crystal clear so you can actually see the fascinating innerworkings of the precision clock movement.

The 8-day-wind pendulum movement is crafted in West Germany. Westminster chimes faithfully reproduce the chimes traditionally rung from the Victoria Clock of England's House of Parliament. Full chime and strike is sounded on the hour; partial chime is played on each quarter-hour. Brass-color metal pendulum, weights and chain. Dial has raised brass-color markers. Adjustable levelers built into the base keep clock on even keel. 56 inches high; 12 inches wide; 12 inches deep. Movement is guaranteed 1 year against faulty materials or workmanship or return clock for free replacement. Clock is shipped direct from factory on Long Island, N.Y. to you. Complete instructions for operating are included.

Gift yourself (or someone special) with a wonderful wig from Sears

Choose your (or her) own hair color or an exciting new shade from Our Salon Shade Selector* All wigs are gift-wrapped ready to put under a holiday tree!

(1 thru 3) Add to a wig wardrobe or start one with these latest, greatest modacrylic styles! They're the perfect complement to a mini, midi or maxi fashion look, and great with pants. The life-like, smooth and silky modacrylic fiber is specially color-blended for Sears to look like real hair but with no real-hair problems. Won't frizz-up in rain wilt in humidity, fade in sun. The curl or wave pattern is permanent—never needs setting. You can swirl a wave, toss a curl—suit your styling whim. Light-weight nylon, spandex stretch base with spandex stretch band lets your own hair breathe. From Hong Kong and Korea. Sent to you styled on a head form in a festively gift wrapped wig box.

To keep wig lovely, swish in cool water with mild shampoo. Rinse, shake gently—curls bounce into place—ready to wear when wig dries at room temperature. Do not brush or style wet wig.

SHOP BY MAIL..BY PHONE..OR IN PERSON

Even do your Out-of-Town shopping the Sears way with Sears SHIP-A-GIFT Service...

You can send almost anything in this catalog to anyone... anywhere in the U.S. ...or almost anywhere in the world... see page 267 for complete details.

HOW TO ORDER

List all the things you want on one of our order blanks. Print your name and complete address. If you live on a rural route, include route number, box number, and any other helpful delivery information. For more efficient service, all members of same household should use same name each time they order.

Please give *catalog number, quantity, name of each item, color, pattern, finish, size, price, shipping weight* and any special information asked for in the description of the item—each time you order.

On cash orders add up the shipping weights of all the items you are ordering and change ounces to pounds (16 ounces to a pound). You'll find parcel post rates below; other helpful shipping information (such as Railway Express rates and estimated motor freight rates) in our Big Book.

On Sears Credit Terms orders, we ship prepaid and charge your account. The best ways to send money are by post office money order, express money order, by bank draft or check. Don't send currency or postage stamps. Your mail carrier will buy a post office money order for you if you live on a rural route. You can also get a money order at your post office or from your local express agent.

CREDIT TERMS

If you are adding on to a Revolving Charge Account, Easy Payment or Modernizing Credit Account, indicate on the order blank your account number and town in which the Sears Store carrying your account is located.

If you are opening a new account, have the head of household answer the questions on the back of the order blank, check the type of account desired and sign (do not print).

C.O.D. MAIL ORDERS

For economy's sake we urge you to send a money order or check with your mail order, or to use Sears Credit Terms. Motor carriers charge a C.O.D. collection fee which may vary from $4.40 to $9.96 which is in addition to other lawful transportation charges. On parcel post C.O.D. shipments, the Post Office charges you a C.O.D. collection fee. They also charge you a money order fee for sending payment to us. We do not ship C.O.D. orders for live animals or birds, perishable goods or for merchandise cut, engraved, printed, or made to order; for merchandise shipped direct from factory or shipped to foreign countries or to anyone other than person sending order.

IMPORTANT ABOUT PRICES

When Sears says "SAVE" you really save. Now, as for years, Sears shows price cuts or savings only on those items we previously listed or on those to be listed in future catalogs at regular prices. With these items, we always state the actual "was" price or "will be" price on which the savings is based. If the description for an item in this book does not include such a statement, that item is offered at our regular low price.

You always get our lowest prices . . . If the price of any item in this catalog is reduced in another current Sears Catalog, we will fill your order at the lower price and return every penny of the difference to you. Regardless of which Sears Catalog you order from, you always get the benefit of the lowest current catalog prices.

Prices in this catalog apply only to orders placed by mail, telephone, telegraph or in person at a Sears Catalog Sales Office, Authorized Catalog Sales Merchant, Retail Store Catalog Sales Department or in one of Sears Affiliated stores.

PARCEL POST CHARGES

Packages weighing up to 70 pounds and measuring not more than 100 inches in length and girth can be sent by parcel post in all parcel post zones, except when mailed at a first class post office and addressed for city delivery to another first class post office. Our Catalog Plant is served by a first class post office. Your Postmaster or carrier can tell you if you are served by a first class post office.

Parcels weighing less than 10 lbs., and measuring over 84 in. but not exceeding 100 in. in length and girth combined, are chargeable with a minimum rate equal to that for a 10 lb. parcel for the zone to which addressed.

Catalog numbers followed by "L" (as 64 7182L) cannot be mailed from a first class post office to a first class post office for city delivery in any parcel post zone. (This does not apply to rural route addresses.)

Catalog numbers ending with "N," "N2," "N11," etc. are always unmailable.

phone . . with your Credit Card

Here's why we call Sears Revolving Charge Account, "THE PLAN WITH THE USEFUL CREDIT CARD"

No money down or minimum purchase required when you use your Sears Credit Card. If you wish; pay your charge each month within 25 days of billing date (with NO FINANCE CHARGE) or, if you prefer, spread your payments out over months; if you choose to do this, your monthly payments ($10.00 minimum) will go up or down, depending on your balance and a FINANCE CHARGE will be added each month.

We send you a statement of your account every month. Makes bookkeeping so much easier for you—a complete record of your purchases is always available.

You can open your account now—and order later. There is no need to send an order when you open your account . . . open it now—we will send you your Sears Credit Card. You can start using it whenever you wish.

It's easy to start your account—here's how. Simply fill in the application on page 266 and sign the agreement on the following page—depending upon your state of residence as outlined in the "NOTICE" on the following page—send both to Sears. Or you may open an account by telephone—just by calling the most convenient Sears unit. Tell our phone clerk you want to open a revolving Charge Account; she will take your application and your order at the same time, if you wish; or visit any Sears store—they will gladly answer any questions you may have and fill out your application for you.

Maintenance agreements and charges for service and installation of Sears merchandise may also be added to your account.

You never need to figure delivery charges—we prepay them. Sears own people will figure postage, freight or delivery charges on your order—send your package off to you prepaid and add the charges to your account.

You don't need to keep money on hand to pay C.O.D. charges. Because the entire amount has been charged, you don't need to pay our driver. Leave home for the day if you wish; a note will tell the Sears driver to leave your package at a neighbor's.

Picking up your order is easier. No delay or money to pay. Your Sears Credit Card shows you are a "charge customer."

Any Sears Store or office nationwide will accept your Sears Credit Card. Wherever you are in all these United States your credit is good—on vacation, on business trips, in any place there is a Sears unit. Just show your Sears Credit Card. Sears will be glad to take your "Charge" order wherever you are!

Sears WISH BOOK®

can make your HOLIDAY SHOPPING really easy this year..

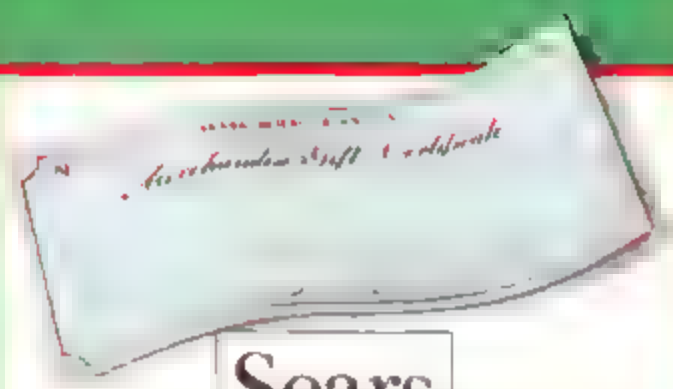
Sears SHIP-A-GIFT SERVICE

This is the easiest, most convenient way to have your catalog gift orders sent to anyone anywhere in the U.S.A., or almost anywhere in the world.

Let Sears ship it . .

That's right, just a phone call to your Sears Catalog Sales unit does it. Most items in this catalog can be sent almost anywhere in the world. Just place your order and tell our sales person "I want this sent." Sears does the rest.

Shipment within the United States . .



When you place your order, just tell us the name, address and zip code of the person to whom you want the item sent. We will handle all the details needed for prepaid shipment and delivery. You pay only the normal shipping charges. This service does not include gift wrapping.

Shipments to Foreign Countries . .

We've made sending merchandise to more than 50 countries as uncomplicated as sending orders to the next town. We handle all the details of foreign shipment. If you want merchandise overseas to a non-military address, specify Air Parcel Post for quicker delivery.

Shipments to APO-FPO addresses . .

Please see our BIG BOOK for complete details.

Sears GIFT CERTIFICATES

Give a Gift Certificate . .
the perfect answer to the
"What should I get" problem.

Just tell us to whom you want a gift certificate sent, the amount (anywhere from $5 to $100) and we'll send it in your name. That way the recipient can choose the "right" gift from Sears catalogs and order by just picking up the phone. Gift certificates may also be used in any Sears Retail Store.

Want to send the gift certificate yourself? We'll send the gift certificate to you so you can fill in the name and give it personally.

Teddy Bears are for love

and for listening to childhood confidences or sympathizing quietly with the disappointments.

The name "Teddy" came from a 1902 cartoon of Teddy Roosevelt refusing to shoot a small bear cub. It was nicknamed "Teddy's Bear."

Since then, thousands of owners have grown up with a Teddy. They believe, as we believe, that a Teddy Bear belongs in every childhood.

GOLDEN WONDER OF GROWING playthings

for early childhood development

A unique series of toys developed by studying what, when and how babies learn

In 1968 Dr. Esther P. Edwards, former Associate Professor at the Eliot Pearson Department of Child Study at Tufts University, and her colleagues began reviewing all available research and commentary in the field of early childhood development. Their goal? To develop a series of original play materials which would encourage children to develop at their own rate, to their full potential. The result? Sears exclusive Wonder of Growing Playthings.

Each toy has been designed to give challenge and satisfaction to the child, to give the child a sense of achievement as well as the motivation to explore. Each toy has been designed to provide multiple activities for the child. As the child develops, he learns to use the toy in more complex ways. Each series of toys has been organized in a flexible sequence which fosters the child's movements through successive stages of growth.
